Dermamend Cream

Zinc oxide	7%
Geranium Oil	0.3%

Read all the information in this leaflet carefully as it contains important information regarding your medicine

- Keep this leaflet. You may need to read it at a later stage.
- If you have any further questions about this medication, ask your pharmacist

WHAT DOES DERMAMEND CREAM CONTAIN

The active substances are Zinc oxide (7%) & Geranium Oil (0.3%)

WHAT IS DERMAMEND CREAM USED FOR

Dermamend cream is intended to aid with multiple minor skin problems. This includes skin allergies, acne, diaper rash and cracked lips, heels and elbows. Due to its anti-inflammatory and antifungal properties it may improve minor skin rashes.

BEFORE YOU USE DERMAMEND CREAM

Do not use this product:

- If you are hypersensitive (allergic) to any of the ingredients listed
- On open wounds or any areas where it may irritate mucous membranes
- If you have hyper sensitive skin

Contraindications

The safety of this product during pregnancy has not been established and therefore it should be avoided

Special care should be taken in the following instances, always consult with a pharmacist or other health care professionals

It is advisable that a patient does not apply this cream to an area of the skin which has recently been treated with a potent steroid or antifungal cream, as the skin may be sensitive and side effects may be experienced more easily. It might also affect the absorption and effectivity of other creams.

PREGNANCY AND LACTATION

- Safety during pregnancy and breastfeeding has not been established

USING OTHER MEDICATIONS WITH DERMAMEND CREAM

Always tell your healthcare professional if you are taking any other medicine (this includes complementary or traditional medicines).

- Avoid applying this cream in conjunction with any other preparations to ensure that the best results are achieved.

HOW TO USE DERMAMEND CREAM

Apply three times per day to affected areas. It should be noted that this cream should be massaged deep into the skin and not be applied as a thick layer to the skin. It is suitable for babies, children and the elderly.

POSSIBLE SIDE EFFECTS

Skin irritation, redness, minor rash or itching may occur. Mucous membranes such as the eyes, nose and mouth should be avoided.

Not all side effects reported for Dermamend are included in this leaflet. Should your general health worsen or if you experience any untoward effects while taking this medicine, please consult your pharmacist or other health care professional for advice.

STORING AND DISPOSING OF DERMAMEND CREAM

Store at or below 25 °C in a dry place
Protect from direct sunlight
Do not use after expiry date stated on outer packaging

Any unused or expired medicine should be returned to your pharmacist for the safe and responsible destruction thereof. Do not dispose of unused medicine in drains or sewage systems.

EIENAAM, STERKTE EN FARMASEUTIESE FORM

Dermamend Room

Sinkoksied	7%
Geraniumolie	0.3%

Lees al die inligting in die voubiljet noukeurig deur, aangesien dit belangrike inligting oor u medisyne bevat

- Hou die voubiljet, jy mag dit dalk later wil deurlees
- Indien u verdere vrae het oor hierdie medikasie, vra u apteker

WAT BEVAT DERMAMEND ROOM

Die aktiewe bestanddele is Sinkoksied (7%) en Geraniumolie (0.3%)

WAARVOOR WORD DERMAMEND ROOM GEBRUIK

Die room word aangewend om te help met 'n verskeidenhied van geringe vel kondisies soos allergiese uitslag, aknee, luier uitslag en gekraakte lippe, hakke of elmboë.

VOORDAT U DERMAMEND ROOM GEBRUIK

Moet nie die produk gebruik indien:

- Jy hipersensitief (allergies) is vir enige van die bestanddele
- Jy oop wonde het of op areas waar dit slymvliese kan irriteer
- 'n Sensitiewe vel het

TEENAANWYSINGS

Die veiligheid van hierdie produk tydens swangerskap is nog nie vasgestel nie en daarom moet dit eerder vermy word

Spesiale voorsorg moet in die volgende gevalle geneem word, raadpleeg altyd jou apteker of ander professionele gesondheidswerkers

Dit word aanbeveel dat pasiënte nie die room aanwend op areas waar daar onlangs behandel is met sterk steroïed of anti-swam middels nie, omdat die vel nog sensitief mag wees en newe-effekte makliker ervaar kan word.

SWANGERSKAP EN LAKTASIE

- Veiligheid tydens swangerskap en borsvoeding is nog nie vasgestel nie

GEBRUIK VAN ANDER MEDIKASIE MET DERMAMEND ROOM

Stel altyd jou gesondheidsorgverskaffer in kennis indien jy enige ander medikasie gebruik (dit sluit aanvullende of tradisionele medisyne in)

- Vermy die gebruik van hierdie room in kombinasie met ander voorbereidings om te versker dat die beste resultate verkry word.

HOE OM DERMAMEND ROOM TE GEBRUIK

Wend drie maal per dag aan op geaffekteerde areas. Daar moet opgelet word dat die room diep in die vel in gemasseer moet word en nie as 'n dik laag gelos moet word nie. Dit is geskik vir babas, kinders en bejaardes.

NEWE-EFFEKTE

Velirritasie, rooiheid, geringe uitslag of jeuk kan voorkom. Slymvliese soos die oë, neus en mond moet vermy word.

Alle moontlike newe-effekte van Dermamend word nie in die voubiljet bespreek nie. Indien u algemene gesondheid versleg of as u enige ongewensde simptome ervaar tydens die gebruik van hierdie produk, raadpleeg u apteker of ander professionele gesondheidswerkers.

DIE BERGING EN WEGDOEN VAN DERMAMEND ROOM

Stoor by of onder 25 °C op 'n droë plek
Beskerm teen direkte sonlig
Moet dit nie na die vervaldatum op die buitenste verpakking gebruik nie

Enige ongebruikte of vervalde medikasie moet na jou apteker geneem word vir veilige en verantwoordelike vernietiging daarvan. Moet nie ontslae raak van ongebruikte medisyne in dreine of rioolstelses nie.

AANBIEDING EN IDENTIFIKASIE VAN DERMAMEND ROOM

Dermamend room is beskikbaar in houers van 125 g.

Dermamend kom voor as 'n wit room met 'n duidelike Geranium-reuk
